In Gratitude: MAY 2022 Events & Specials

***“Let yourself be silently drawn by the strange pull of what you really love.
It will not lead you astray.” Rumi***

Love is the highest frequency you can vibrate in and the highest state of consciousness. When you tune into this love frequency, you align yourself with the divine source of energy! When you think of love, what do you think of? Who do you think of? I hope you have placed yourself on that list. We must start with ourselves. When we can love our selves completely, that is when we can actually give love to another.

When you think of unconditional love, what do you think of? Who do you think of?

The first person that comes to mind is my mother and my grandmother. Interestingly enough Mother’s Day is right around the corner. Calming Waters and its affiliates have wonderful specials for that person that you would like to show unconditional love for. Remember to include yourself!

The next thing that comes to mind is the unconditional love our pets have for us. They depend on us for everything, and they give us unconditional love as well. Calming waters has been immersed in the past 6 months researching and learning about how to better take care of our pets, specifically dogs. We have attended several Pet Summits, participated in a focus group and met with key educators and influencers.

Welcome My Pet Matrix!

Our primary mission is to help pet guardians be the best advocates they can be for their loved ones. We are curating a set of products that will increase the longevity of your pet and the quality of your pet’s life. We also will have a community that will be filled with amazing information. Check out Pet Wellness Wednesdays on the @mypetmatrix facebook page.

Pet Matrix has launched three micronutrient/topper canine products and we have several more in the works.

The science behind My Pet Matrix Wellness: Taking a scientific approach to not only extending the life of our companions, but the quality of life as well. Our perfect formula of science, conjugated with love! We are the ONLY oil free pet supplement company. Curcumin, CoQ10, Quercetin, Omega-3, Vitamin D etc.. As beneficial as these supplements are, they can be toxic to our pets. The toxicity comes from having to breakdown these lipids through digestion so they can be absorbed. The liver gets overworked. **We have the solution.** Our formulation delivers these highly effective compounds directly to the cells, bypassing the digestive process. Pet Matrix, being on the forefront of pet wellness has also added in, bioactive peptides, said to be the future of medicine.

We are so excited to be able to offer these micronutrients to your furballs! Here at Calming Waters, Lucky dog and Jaxon have experienced significant improvements during the Pet Matrix focus group study. We are thrilled to be able to offer these incredible micronutrients to you and your favorite canines. My Pet Matrix products are Human tested and Pet approved!

Raindrop Therapy:

In honor of all strong women, this month we are offering a Raindrop special. **Buy one session at \$122 and get one session for \$77.** The perfect time to treat that special someone, even if that special someone is you!

What is Raindrop Therapy? The Raindrop Technique® uses therapeutic-grade essential oils to restore balance to your body and release toxins. The technique uses gentle slow strokes by applying essential oils first on your feet and then on your back. Raindrop Technique has been known to increase the immune system, relieve back issues, and to create balance and harmony in the body - physically, mentally, and emotionally. Raindrop Technique focuses the healing essence of the essential oils directly to the spinal column where it is believed that viruses and bacteria lie dormant until the immune system weakens.

The oils create an environment that is not hospitable to these “foreign” agents in our bodies and causes them to be eliminated naturally. Raindrop Technique is also an effective detoxification and can assist you in eliminating symptoms associated with cold and flu and other common conditions. Check out these Calming Waters customer testimonials:

I personally love to get this treatment when the seasons change. Clearing the old if you will and preparing for the new. If you are interested in learning more, please reach out to me.

We started this newsletter reminding you of the importance of love. Living from a base of love- it is the highest frequency you can live at. In general, that means you are living above the health line when you live from a basis of love. That is where we all should aspire to be.

We appreciate you. We love you.
